Dr. Don Robertson
Vice President of Student Affairs
Murray State University
Wells Hall 4th Floor
Murray, KY 42071

Dear Dr. Robertson:

It is our honor to provide you a brief update on the work of the MSU Greek Social Policy Review Committee. We have met three times, with multiple meetings of other constituents occurring throughout the summer. We have created a two-tier approach to this endeavor: an examination of the content of the policy and an examination of the enforcement of the policy. Additionally, we have examined "Best Practices" that currently exist, namely at Florida State University and Penn State University.

By the end of July, we will have drafted a set of recommendations for your review. These will focus on updates to the content as well as updates to areas of enforcement. Additionally, we will also include a recommendation for a speaker series, perhaps once a year, focused on the Greek System.

The members have taken this duty seriously and have been focused on aspects to make the Greek system at Murray State University the best it can possibly be. As chapters are busy planning for Fall Recruitment, we look forward to presenting the committee's recommendations to you in a few short weeks before the beginning of the semester.

Sincerely,

Kathy Callahan
